

Pilgrimage to Torreciudad

Help Josemaria and his parents get to the Shrine of Our Lady of Torreciudad:

When Josemaria was two, he was seriously sick. His parents prayed intensely to our Lady for him to be cured. His Mom promised our Lady of Torreciudad that they'd take the baby on a pilgrimage to her shrine.

Months afterwards, Josemaria was taken to the shrine by his parents. They offered him to our Lady. Later, his Mom told him about our Lady's favor. She said, "Son, you were more dead than alive. If God kept you here on earth, it must be for something great."
